

AMATEUR RADIO AWARD'S DIRECTORY

Worked All LA Award

"Norges-sertifikatet" (The Norway Certificate) is available to licensed radio amateurs and SWL's worldwide. Contacts with stations operating from Norwegian territory made after January 1st, 1950 are valid for the award. All contacts must have been made from the same QTH within a radius of 100km). Contacts may be made using all legal modes. Cross-band contacts are not valid. Endorsements as appropriate are available (CW, Phone, RTTY, 5 band etc.) Contacts with arctic stations (JW, JX) are valid for WALA. Such contacts may, at the applicant's discretion, be substituted in part or in full for contacts with counties W, X or Y.

HF requirements:

- a. Applicants in Denmark, Finland, Faroe Islands, Iceland, Sweden and Norway must have two contacts confirmed on separate bands with each of the 19 Norwegian counties (fylker).
- b. All others must have one contact confirmed with each of the 19 counties.

VHF/UHF/SHF requirements:

- a. Applicants in Denmark, Finland, Sweden and Norway must have contacts confirmed with at least 16 of the 19 counties.
- b. All others must have contacts confirmed with at least 12 of the 19 counties. Contacts via satellite or repeaters are not valid for WALA.

The counties of Norway are:

A - Oslo	H - Telemark	T - Møre og Romsdal
B - Østfold	I - Aust-Agder	U - Sør-Trøndelag
C - Akershus	K - Vest-Agder	V - Nord-Trøndelag
D - Hedmark	L - Rogaland	W - Nordland
E - Oppland	R - Hordaland	X - Troms
F - Buskerud	S - Sogn og Fjordane	Y - Finnmark
Z - Vestfold		

The application shall include a list of stations worked and must be accompanied by either the QSL cards or a GCR list signed by an official of the applicant's IARU member society.

The fee is NOK 50, US\$10 or 7 IRCs of recent issue. If QSL cards are included, please add NOK 60, US\$10 or 7 IRCs of recent issue if registered mail return of cards are desired.

NORWAY Worked All Norwegian Communes Award

The "Worked All Norwegian Communes Award" was founded by Vadsø Society of NRRL, but today is issued by NIHRAC to all amateurs and SWL's. The basic award is issued for contact with 25 different Norwegian communes. Endorsement stickers are provided for each additional 25 communes contacted. At present there are about 445 communes and 5 Norwegian Arctic/Antarctic areas. For WANCA class ALL, all Norwegian communes must be contacted and 3 of 5 Norwegian Arctic/Antarctic areas. Only contacts made on or after January 1st 1975 will count for WANCA.

All band, modes may be used. No cross-band or via repeaters. QSO's via Oscar count. Endorsement will be given for band, modes etc. upon request. Minimum report RST 338, RS 33.

Mobile- or portable contacts valid, but QTH must be stated during QSO, or printed on QSL-card. QSL-card not required, submit log data/copy count. The award fee outside Scandinavia is n.kr. 70.- (10 IRC) for "Basic" award and n.kr. 30.- (4 IRC) for "Stickers". No fee for Blind/Handicapped amateurs/SWL's.

"Record Book" listing all Norwegian communes and areas, is available from Award Manager WANCA for n.kr. 40.- (5 IRC). Or you may [follow this link](#) to an online version of this data.

The award may be endorsed for All CW, SSB, RTTY, SWL, LB-QSOs or Mobile/Portable. in addition to the MIXED award:

The Award Manager will help anyone with the identification of communes. Provide the call, name and QTH on a sheet of paper and supply 2 IRCs. You may also send this information via e-mail to the the sponsor for no charge. All Applications should be made according to "Record Book" signed by two radio amateurs (GCR list) and forwarded with the fee to:

AWARD MANAGER WANCA, LA4YW Liv Johansen, Kolstadtunet 4C, NO-7098 Saupstad, NORWAY.
